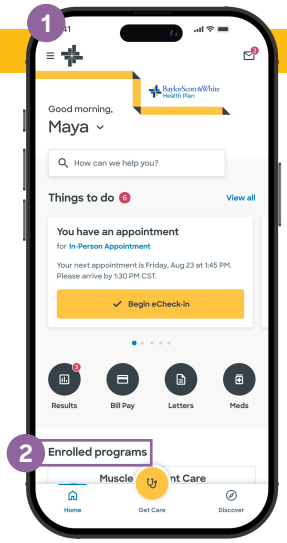
Let's make the most of your Muscle and Joint Care Journey.

Welcome to the Muscle and Joint Care program at Baylor Scott & White Health. To support your goal to move better, these instructions will help you navigate the MyBSWHealth digital experience. We'll show you how to access your dashboard—which features all of the tools you need while you're in the program.



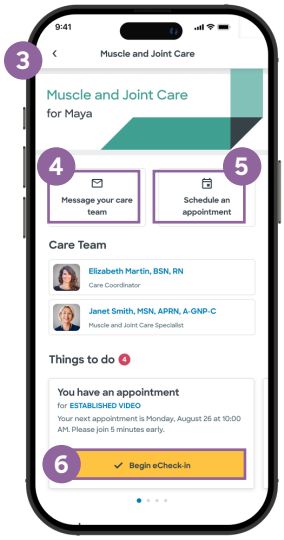
Get to know your Muscle and Joint Care Dashboard.

Using your phone? Follow these steps:

1. **Download the MyBSWHealth app.**
   Once your first appointment is scheduled, download the MyBSWHealth app from your app store. For instructions on how to download the mobile app on iOS or Android, visit bswhealth.com.

2. **Log in and explore.**
   After you download the app, log in and scroll down on the home screen until you see a section called "Enrolled Programs." Select "Muscle and Joint Care."

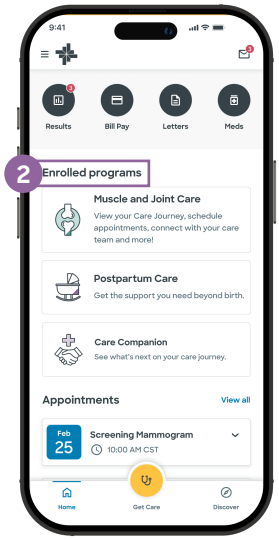
3. **Look around your personalized dashboard.**
   Send messages to your care team, explore your "Care Journey," complete your "Things to do," and more.



4. **Send secure messages to your care team.**
   Simply click "Message your care team" to access a secure message platform that enables you to send messages directly to your care team right from your Muscle and Joint Care Dashboard.

5. **Schedule appointments at your convenience.**
   With our video visit appointments, you have the flexibility to schedule follow-up appointments based on your schedule. Appointment times are usually available within two days.

6. **Complete eCheck-in before your appointment.**
   Scroll down on your Muscle and Joint Care Dashboard until you see a section called "Things to do." Select "Begin eCheck-in" to confirm your appointment. eCheck-in is typically available four days prior to your appointment and should be done prior to your visit.



7. **Set your Care Team up for success.**
   Complete your health questionnaire before your evaluation appointment to help your Muscle and Joint Care Specialist personalize your care plan to your everyday activities. Please ensure you complete all your "Things to do" before your appointment.

8. **Review your personalized care plan.**
   Under the "Care Journey" section of your dashboard, you'll find helpful tools for accessing video visits with your Muscle and Joint Care Specialist, details about upcoming appointments, and an introduction to your dedicated Care Coordinator.
